Federal Prison Rape Elimination Act (PREA) standards dictate direct care staffing ratios of 8 to 1 staff to youth during waking hours and 16 to 1 staff to youth during non-waking hours. In October 2017, the Federal government provided clarification on the staffing standards, rendering calculation of a staffing ratio no longer meaningful. Instead, the standard is set as the ratio of constant interactions between youth and staff that must be met. Nevertheless, calculated ratios are still provided to give an idea of facility staffing.

Staffing ratios are calculated by taking the average number of security staff reporting for each shift for the month and dividing by the average daily population of youth for the month.

Data for staffing ratios is sourced from the facilities and Youth 360. Data is current for September 2023.
